

Western Avenue Construction Update

Western Avenue Bridge over the Chicago River to Roscoe Street

Starting the week of July 25th, construction is scheduled to switch between the Western Avenue Bridge over the Chicago River and Roscoe Street.

At this time traffic will shift to the west side of Western Avenue and an additional lane northbound and southbound will be opened north of the river bridge. Work will begin on the eastside half of the roadway with sewer, curb and sidewalk improvements. The Contractor, FH Paschen, and the Engineer, Burns & McDonnell, will be on-site to work with all businesses to minimize construction impacts and maintain access.

If you should have any questions during this time, please contact the following:

FH Paschen – Steve Percic - 773-230-9507

Burns & McDonnell – Shelli Schweickert – 630-514-2320
